September 24, 2005

Thank you so much for helping Bariatric & Laparoscopy Center and the ASBS to make our Walk for Obesity such a huge success. Your generosity is appreciated not only by us, but also by all of the people whose lives will be touched by the funds that were raised through this effort.

Your donation helped to raise much-needed funds, which will be donated to the ASBS Foundation. Your efforts will make a tremendous difference in the lives of others. We could not do it without YOU! Thank you for being a part of this.

With deepest appreciation,

Muhammad Jawad, M.D., FACS
