Director of Admissions
Pensacola Junior College
1000 College Boulevard
Pensacola, FL 32504

Dear Registrar:

It is my pleasure to recommend Allison Myer for admission to Pensacola Junior College.

Over the past few years I have had Allison in science courses such as Earth Sciences, Biology and now this year Chemistry. Allison has chosen a stiff academic curriculum to prepare herself for higher education after graduation.

She is an excellent student and has maintained good academic averages in science courses as well as other courses. It is always a pleasure to work with her in class because she is eager and willing to learn.

As sponsor of the Beta Club I was pleased when Allison was initiated into the Beta Club this year. She was voted on by the administration, faculty and her peers for outstanding character and high academic standards. As a Beta she will need to maintain a 3.0 average overall which I know she will do.

Allison is dedicated to furthering her education and I totally support her. If there are any questions please feel free to contact me and I would appreciate any consideration that you might give her.

Sincerely,

Jan O'Neill
Science Department
